

## CIVIL ENGINEER – TRANSPORTATION

Are you looking for a rewarding experience at work that fulfills both your professional and personal growth ambitions? Join our powerful organization where your contributions are directly related to the continued success of the team and your personal ownership in the firm.

### THE COMPANY:

Welch Comer & Associates, Inc. is a long-established, successful, 100% employee owned firm. We provide our employees with a stable, positive and rewarding workplace. We enjoy the challenge that comes with our work and the reward that success brings us and our clients. We provide engineering services to primarily public entities throughout North Idaho and Eastern Washington.

### THE POSITION:

We are growing and in need of an experienced transportation engineer to join our collaborative, high-energy transportation team.

You will be responsible for:

- Preparing engineering reports, plans and specifications
- Working independently and as part of a design team, under the supervision of a P.E.
- Communication and coordination with other team engineers, surveyors, drafters/designers, sub-consultants and contractors to complete projects on time and budget.
- Use engineering, spreadsheet and word processing software in support of design efforts.

The qualified candidate must have:

- Graduated with Bachelor of Science in Civil Engineering from an ABET accredited college.
- Either a F.E. or P.E. registration with two to six years of transportation engineering design experience in the United States with increasing responsibility.
- Ability to work effectively within a group of professional engineers, designers, drafters, surveyors and administrative staff.
- Strong self-motivation instincts, excellent written and verbal communication skills with team members, clients, and public agencies.
- Strong design skills focused primarily in transportation-related disciplines including, signal design, geometrics, stormwater, and grading.
- Working knowledge of AutoCAD Civil 3D and/or Microstation & InRoads.
- The ability to balance multiple projects and deadlines in a challenging and dynamic environment is essential.
- Experience with Idaho Transportation Department CE&I work a plus.
- Experience providing construction observation and working with contractors also a plus.

### THE LOCATION:

We have openings in our Coeur d'Alene, Idaho office, located a short stroll away from lake. We have openings in our Spokane Valley, WA office.

WHY SHOULD YOU APPLY? Welch Comer provides competitive wages, benefits and bonus opportunities along with firm ownership and challenging work and career development. Welch Comer Engineers is an equal opportunity employer. Please respond to this posting with a cover letter, resume, and references to [wc@welchcomer.com](mailto:wc@welchcomer.com). We look forward to hearing from you!
