

CIVIL ENGINEER SUMMER INTERN 2022

Are you looking to start on a rewarding experience that fulfills both your professional and personal growth ambitions? Join our powerful organization where your contributions are valued and directly related to the continued success of the team.

THE COMPANY:

Welch Comer & Associates, Inc. is a long-established, successful, 100% employee owned firm. We provide our employees with a stable, positive and rewarding workplace. We enjoy the challenge that comes with our work and the reward that success brings us and our clients. We provide engineering services to primarily public entities throughout North Idaho and Eastern Washington

THE POSITION:

We are in need of a **summer intern** to join our collaborative, high-energy team.

You will have the opportunity for continued learning and hands on experience by:

- Working directly with project administrators, engineers, drafters, and our survey team and field inspectors.
- Applying basic technical principles, theories, standards and concepts. This will include reading and understanding design drawings and technical specifications as necessary to support the preparation of project deliverables, such as calculations, specifications, and engineering evaluations.
- Gaining familiarity with and application of industry codes and government regulations.
- Using discipline-specific computer analysis codes as well as standard office production software.
- Having exposure to multi-disciplined projects requiring extensive interface with other staff engineers as well as engineers working for our clients.

The qualified candidate must have:

- 2+ years of B.S. in civil engineering coursework from an accredited university
- Demonstrated proficiency in preparation of civil engineering calculations is desired
- Ability to adapt to a variety of work settings which may range from a professional office setting to heavy construction job sites
- Strong self-motivation instincts and the ability to be an individual contributor
- Excellent written and verbal communication skills with team members, clients, and public agencies
- Proficiency in Word and Excel
- Ability to travel locally for onsite project experience

THE LOCATION:

Our Coeur d'Alene Idaho office, located a short stroll away from the lake. We also have availability at our Spokane Valley, WA office location.

WHY SHOULD YOU APPLY? Welch Comer provides competitive wages and bonus opportunities to assist you in your career exploration and education. Many interns remain with our company as full time employees after graduation.

Welch Comer & Associates, Inc. is an equal opportunity employer. Please respond to this posting with a cover letter, resume, and references. We look forward to hearing from you!
